ABOUT MYSELF

As a software engineering graduate in Malaysia, I'm driven by innovation and problem-solving. With a strong foundation in development and practical experience gained through internships, I thrive in collaborative environments. Eager to contribute my skills and passion to the dynamic world of software engineering, I'm committed to continuous learning and growth.

WORK EXPERIENCE

MAXWELL CLOUD TECHNOLOGY SDN. BHD.

Software Engineer Intern

One City, Subang Jaya

November 2023 - May 2024

- Collaborated with clients and set up a single sign-on login function with SAML in Azure Ad for the Defect web application using Scala, enabling users to login with Azure Ad
- Utilized Syncfusion .NET to implement the conversion from HTML format to the SFDT data for the data/content display in the template to allow for a user-friendly template view experience
- Communicate with business analyst of the team and contributed to the overall system enhancement and troubleshooting of the Niuace web application using ReactJs, Scala, C#, and MySQL, resulting in increased efficiency and user satisfaction of the interface
- Proactively identified and resolved technical issues through troubleshooting, ensuring seamless operation of the Niuace web application.

EDUCATION

TUNKU ABDUL RAHMAN UNIVERSITY OF MANAGEMENT AND TECHNOLOGY

Setapak, Kuala Lumpur

Bachelor of Software Engineering (Honours)

2021 - 2024

- Grade : CGPA 3.83 (First class honours)
- Listed in the President's and Dean's List for outstanding academic performance
- Achieved Band 4 in Malaysia University English Test (MUET)
